Infosafe No™ 9GAY7 Issue Date :JANUARY 2021 Status : ISSUED

Product Name ARMOUR PAINT PROTECTION

Classified as hazardous

1. Identification

GHS Product Identifier	LIQUID PAINT FactoLIr
Company Name	AUTOYOU PTY LTD
Address	450 GRAHAM ST PORT MELBOURNE VIC 3207 AUSTRALIA www.autoyou.com.au enquiries@autoyou.com.au
Contact Person	Mr. Tao Lim
Telephone/Fax Number	1300 826 801 (Mon to Fri, 09:00 - 17:00 AEST) (General Information. Transport Information. Mild Medical Information)
Emergency phone number	Poison Information Hotline: 13 11 26

2. Hazard Identification

GHS classification of the substance/mixture	Aspiration Hazard: Category 1 Flammable Liquids: Category 4
Signal Word (s)	DANGER
Hazard Statement (s)	May be fatal if swallowed. Caution to be used if prolonged exposure to airways (over 10 hours per 24).
Pictogram (s)	DO NOT INHALE DIRECTLY FOR PROLONGED PERIODS
Precautionary statement – Prevention	Keep away from heat/sparks/open flames/hot surfaces. – No smoking. Wear protective clothing if desired/eye protection/face protection.
Precautionary statement – Response	IF SWALLOWED: Immediately call a POISON CENTER or doctor/physician. Do NOT induce vomiting.
Precautionary statement – Storage	In case of fire: Use water fog for extinction. Store locked up.
Precautionary statement – Disposal	Store in a well-ventilated place. Keep container tightly closed. Dispose of contents/container in accordance with local regulations.
Other Information	Keep out of reach of children.

3. Composition/information on ingredients

Ingredients

Name	CAS	Proportion
Naptha (Petroleum), hydrotreated heavy Ingredients determined to be non-hazardous at the formulation concentration SIO2 ETHANOL/100%pure/SILICA resin. Potassium Nitrate KNO3 7%<	64742-48-9	10-30 % to 100%

4. First-aid measures

First Aid Measures	If poisoning occurs contact a doctor or Poisons Information Centre Phone Australia 131126, New Zealand 0800 764 766.
Inhalation	Remove victim from exposure if safe to do so. Remove contaminated clothing and loosen remaining clothing. Allow patient to assume a comfortable position and keep warm. Seek medical advice if symptoms persist.
Ingestion	Do NOT induce vomiting. Wash mouth out with water. Give water to drink. Seek medical advice.
Skin	Wash skin with plenty of water. Remove contaminated clothing and wash before re-use. Seek medical advice (e.g. doctor) if irritation develops.
Eye contact	Hold eyelids open and irrigate continuously with water for 15 minutes. Seek medical advice.
First Aid Facilities	Use should be made of an on-site approved first aid kit if required in the

	first instance until medical assistance is forthcoming. Potable water should be available to rinse eyes or skin.
Advice to Doctor	Treat symptomatically. Show this S.D.S. to the medical practitioner.

5. Fire-fighting measures

Suitable extinguishing media	Combustible liquid. Avoid heat and all ignition sources. Use only in well ventilated areas. Prevent build-up of flammable vapours. Consult further information on safe storage and handling of hydrocarbon liquids. Handle in accordance with state or territory regulations for hydrocarbon liquids.
Hazards from Combustion Products	Closed containers exposed to high temperatures, such as fire conditions may rupture. Vapours may form explosive mixtures with air. Use water sprays to cool fire exposed surfaces and any adjacent storage vessels. Shut of source of product if safe to do so. Remove sources of re-ignition. Use water fog to extinguish, or in the absence of water fog, a fine spray may be used. Wear a breathing apparatus when attending fire hazard.

6. Accidental release measures

Spills & Disposal	Ensure adequate ventilation. Slippery when spilt. Contain spill with sand or earth. Gather up absorbent for disposal according to regulations. Avoid concentrated spillage from entering drains or watercourse. Do not allow to enter storm water drains, or water courses. Remove for disposal in accordance with local waste management. Use suitable containers for disposal.
Personal Protection	Refer to Section 8 of this SDS.
Environmental Precautions	Dispose of in accordance with local, state, and federal regulations.

7. Handling and storage

Precautions for Safe Handling	Store in cool well ventilated area away from heat and ignition sources. Containers should always be kept closed in storage and properly labelled. Avoid contact with oxidising agents and mineral acids. Store only in original or approved containers. Harmful or fatal if swallowed! Avoid contact with eyes and skin. Avoid breathing vapors. Do not flame, cut, braze weld or melt empty containers. Keep the product away from heat, open flame, and other sources of ignition.
Additional information on precautions for use	Always use clean and dry equipment to dispense the product. Dispensers should be cleaned before and after use. All dispensers should be washed out after use.

8. Exposure controls/personal protection

Occupational exposure limit values	No value assigned for this specific material by the National Occupational Health and Safety Commission. However, for the hydrocarbon constituent: TWA = 184 ppm (1200 mg/m3)
Appropriate engineering controls	Keep away from sources of ignition. Take precautionary measures against static discharges. Provide sufficient ventilation to control exposure levels below the exposure standards. Use local exhaust ventilation at sources of air contamination such as open process equipment. Dangerous concentrations may exist in areas with poor ventilation such as confined spaces.
Personal Protective Equipment	Wear chemical goggles or face shield. Respiratory protection should be used if there is a risk of exposure to high vapour concentrations or if dust is being generated from usage. Respirators should comply with AS1716 or an equivalent approved by a state/territory authority. Wear protective clothing as necessary to avoid skin contact.

9. Physical and chemical properties

Appearance	Clear coloured viscous liquid
Boiling Point	80C Melting Point -130c Flash Point 20c Flamibility Yes
Solubility in Water	NOT Dispersable in warm water
Specific Gravity	1.00 g/ml (approx) None allocated
pH	> 7C
Flash Point	Hardnes 9H Gloss Level High

Flammability C1 Combustible liquid

10. Stability and reactivity

Chemical Stability Stable under normal conditions of use.

Conditions to Avoid Open flames, sparks and excessive heat.

Incompatible Materials Strong acids, strong alkalis and oxidising agents.

Possibility of hazardous reactions This material is stable under normal conditions of storage and use.

Other Information Store in a cool, dry place. Use only as directed. Store in accordance with directions given in Section 7 (Handling and storage) of this SDS.

11. Toxicological Information

Ingestion May cause discomfort, nausea, diaorrhea and vomiting.

Inhalation Irritant to the nose and respiratory tract, headaches and nausea. Due to the physical form of the product it is not expected that the exposure standards listed will be exceeded.

Skin Contact may cause skin irritation and/or dermatitis. Seek medical advice if allergic reactions develop.

Eye Contact with eyes can cause irritation, redness, tearing, blurred vision, and/or swelling. Dust generated while using this product contains abrasive material which can cause irritation of the eyes.

Chronic Effects No long-term exposure effects are known.

12. Ecological information

Ecotoxicity No data is available on the product itself. Avoid contamination waterways.

13. Disposal considerations

Disposal Considerations Remove for disposal in accordance with local waste management regulations.

14. Transport information

Transport Information Not classified as a Dangerous Good according to the Australian Code for the Transport of Dangerous Goods by Road and Rail or NZS 5433:1999 Transport of Dangerous Goods on Land.

15. Regulatory information

Poisons Schedule S5

AICS (Australia) All ingredients listed

16. Other Information

Other Information Issue #2
Reason for revision: Regular review.

DO NOT MIX WITH OTHER CHEMICALS WITHOUT PRIOR CONSULTATION WITH THE MANUFACTURER. Always use product as directed. Never return any unused material to original drum.
Every endeavour has been made to ensure that the information contained in this publication is reliable and offered in good faith. It is meant to describe the safety requirements of our products and should not be construed as guaranteeing specific properties. Customers are encouraged to conduct their own tests as end user suitability of the product for particular uses is beyond our control. The information is not intended as an inducement to bargain and no warranty expressed or implied is made as to its accuracy, reliability or completeness. Cargroomers International accepts no liability for loss, injury or damage arising from reliance upon the information contained in this

data sheet except in conjunction with the proper use of the product to which it refers. Due care should be taken that the use and disposal of this product is in compliance with appropriate Federal, State and Local Government regulations.
